Finally ...The Family that slays together is back together!
 Here are our three "Seed of Chucky" poseable dolls created exclusively for release by Trick or Treat Studios, using the original molds from the film as well as the original hair and wardrobe. Been lots of scary fun having the three of them out in the shop again, but now they're off to the factory for mass production, so they can invade your neighborhood next.
 (More fun stuff is in the works for the fans as well ...stay tuned!)
